# **MANLY MAN CONFERENCE**

---

## **WORTH THE FIGHT**

The Manly Man Conference on video is about exposing, fighting and correcting the problem of “the feminization of men” in our culture and in the Church. All four nationally known speakers bring the loud and clear truth of what it means to be a real man... truth that we aren't hearing today from the media. Following the tradition of the first year's conference, MMII continues to inspire men to do the right things, run the race, engage in battle and fight the good fight to become the husbands and fathers that God created them to be.

### **MARK GUNGOR**

is a pastor, speaker, author, musician and producer. With 30 years of speaking all around the globe. Mark is one of the most sought after speakers on marriage and family in the country.

### **GREG STUBE**

is a highly decorated war hero who was severely wounded when serving in the Special Forces in Afghanistan. He knows the true meaning of service, commitment and sacrifice.

### **BRAD STINE**

is on a mission - a mission to free us all from the chains of political correctness and prevent our eventual “Wussification.”

### **PAUL COUGHLIN**

is an author and national speaker who challenges men to be real husbands and fathers, not just “Christian nice guys.”
