NORTHSIDE CHRISTIAN CHURCH

Why Have "Special Forces"?

Guys, let's face it, we're all struggling with something. And deep down inside we know that we need help but we're so proud that it's hard for us to ask for it. That's why "Special Forces" exists; to assist us as we figure out what it means to be a Christ-follower.

We offer many activities & events from the blatantly fun to deeper Biblical or equipping ministries. No matter where you are in your walk with Christ we have something that you would enjoy.

Our mission is "equipping men to become fully devoted disciples of Jesus." What is a disciple? Well, a disciple is 1) called to walk with Christ, 2) equipped to live like Christ, & 3) sent to work for Christ. An important thing to note at this point is that this is a life-long process; it takes a long time to truly develop as a disciple.

We've also discovered that this process takes place best in the context of relationships. Now isn't it interesting how men develop relationships? When women get together they need no agenda, just getting together is enough reason for them. But for us men there needs to be more. Have you ever had a guy ask you to lunch and you wanted to know why? "What's his ulterior motive?" you think, because men rarely get together just to get together.

If you want to spend time with another guy you might ask him to go golfing, fishing, or some other manly activity. This is why we offer so many fun/adventurous events on our calendar. We want guys to feel comfortable being guys (honestly, do you feel comfortable as a guy in our society?). And then once you feel comfortable with some of the guys you can transition to an equipping/training event or a small group.

The point is, wherever you are at, we've got something for you!

Mission Trips

"Operation Sunrise" meets every Wednesday morning at 0600 in the NYC Auditorium. Whereas "Operation Sunset" meets Thursday evenings at 1830 (6:30) in the Choir Room of the Worship Center. Both are distinctly male - as we strive to learn what it means to be a godly man in a twisted society. We sing a few worship songs, hear from a speaker or video for fifteen to twenty minutes, and then discuss in groups what we heard and how it applies to our daily lives.
